

Mr Sean Kulan
Applications Secretary, BMC

17 June 2020

Dear Mr Kulan,

Thank you so much for making an application to the Masonic Charitable Foundation on Reading Mencap's behalf. We are absolutely delighted that the Foundation will be awarding us a grant of £1200. This money will go a long way in helping us create and deliver activity packs to our service users with learning disabilities while they are unable to attend their usual group activities at Reading Mencap.

Earlier today, I received some feedback and photos from individuals and families who are benefiting from the activity pack deliveries, some of which are below:

"A huge thank you for my arts and crafts."

"To Mencap, thank you for my things to do, they are lovely. Hope to see you soon." (Thank you card)

"Dear all at the activity team, thank you very much for all your hard work of delivering activities. I'm enjoying doing them." (Thank you card)

"My daughter was delighted with her arts and drafts package and it put a huge smile on her face!"

"Big thumbs up for package. And the list of ideas. I have done some writing in the notebook, drawn pictures of my walk along the river and written a story!"

Thanks to your support, we will be able to continue this work during Covid-19. We really appreciate you helping us in this way, especially when there are so many deserving charities and vulnerable people out there.

Yours sincerely,

Marie-Claire Dillon
